I came to Yamagata because of sweet proposal. "Right after you graduate from high school we'll use you as a starting member."
What a crowd!
Gaining happiness immediately after signing the contract. If it's going to be this way I should rather hurry to go to Holland or Belgie.

Rather isn't it unrelated to place names given?!
Just because he's the Olympics representative, does he think he'd always have a place in 1st league...?
